

Recent Operations

By Paul Rardin

Since I received that final report on my bean crop I have cancelled a lot of names from my Christmas mailing list. The only thing I know to do is to scrap them a crate of cauliflower later in the season.

During the past few days I have visited nearly every store in the Lake region and I'm telling you that they are making big preparations for Christmas. Daily shipments are arriving from the large eastern and southern markets and Glades stores will have many beautiful displays for your inspection within the next few days.

Next Friday night is the BIG foot ball game of the season as far as Glades football is concerned. That's the night that West Palm Beach trots onto a Lake region gridiron for the first time in history. I chatted with Frank Hobson, the Pahokee mentor, a few days ago and he gave me the history of football in the region where Pahokee and West Palm Beach were concerned. The local area has played three games with the East Coast crew—two regular games and one charity game. Our boys took three thumpings and from what the coach and youngsters say they're in for another trimming next Friday night. Frank says our boys will be lucky to have visitors don't trim them by more than three touchdowns.

The West Palm Beach aggression is heavier and more of toting pigskins but the group of boys who play under the Blue and White, colors of Pahokee high school, will be in there every night. Every minute of the game. I'll bet on that. Coach Hobson has gathered together an excellent team with his fighting spirit—win, lose, or draw.

Have you been giving Christmas shopping any serious consideration? As little as you think there are only a few days remaining between now and the annual visit of old Saint Nick. The present of the vegetable diet will put plenty of spare change into the pockets of Lake region growers and farmers. I have to fill up his bag more than once to bring all the nice things into this section. Growers and workers connected with the vegetable diet are enjoying a right healthy season so far. One never knows what is going to happen in the bean business. And most anything can. But, I'm hoping that the weather will be just what it needs to be. A frost could come out at this particular time to put the beans in a little more moisture. Anything else that might come along.

My fish stories have taken a back seat during the past week. I had a new one to spring on a couple of my friends. One of them walked into their midst with it and they wouldn't even give me a hearing. All they were interested in was how many ducks it fed in how many ducks it killed. Any way, a friend of mine caught 15 black bass in 30 minutes the other day and the smallest one weighed three pounds. That isn't a story. It belongs to a real friend of mine and he has never been accused of stretching the truth.

I have been reliably informed that the Pahokee and West Palm Beach foot ball game will be broadcast over WJNO in West Palm Beach. Naturally I'm glad to see Pahokee and the Glades section get a break. The game in this particular case I guess I'm a bit selfish. I wish they wouldn't broadcast the game so all the fans would come out and see the game. You know, each one of them would get a little extra out of 50 cents. And, after all, it's the old story of the man that makes the

New Officials Installed By Dr. Chamber

State President Charles A. Mitchell In Charge of Ceremony

Charles A. Mitchell, president of the State Junior Chamber of Commerce, was in charge of the installation ceremonies Tuesday night when newly elected officers of the Pahokee Junior Chamber of Commerce were inducted into office. He was accompanied on his trip to Pahokee by Merrill Barber, secretary of the state organization. The installation was held in the American Legion pavilion and was witnessed by a record number of Jaycees. Dr. B. F. Hughes was inducted into the office of president, succeeded by Paul Rardin, who served for the first year since the organization of the body in Pahokee. Dr. Rardin, retiring president, was vice president and T. C. Dick Richardson succeeded himself as secretary and treasurer of the group. John Conway took up his new duties as a director in the organization. Paul Rardin, T. C. Dick Richardson and Paul Rardin, President Hughes will serve as the other members of the board.

After installing the new officers Charles A. Mitchell presented an unusual ceremony in which Paul Rardin, retiring president, made honorary president of the Pahokee Junior Chamber of Commerce. Mitchell called this particular ceremony unusual because Mr. Rardin was the first retiring president in Florida to be so honored. On behalf of the organization and the state, Mitchell presented Mr. Rardin with a letter of thanks for his work during the year. An engraved membership card denoting the fact that he is honorary president was presented to the outgoing officer by Mr. Mitchell.

Dr. Hughes, in accepting the new office, addressed the gathering and promised to put forth every effort in coming months to make the local organization one of the outstanding chambers of the state. He was picked up by a hearted support by other officers inducted into office.

The banquet was a turkey dinner with all the trimmings the meeting was in charge of the retiring president, who introduced Mr. Mitchell, Mr. Barber and other distinguished guests. W. G. (Continued on Page 4)

Man Resisting Arrest Is Shot

Everglades Combed Unsuccessfully for F. V. Mullins, a Companion

A man identified by officers as Clarence Sarver, 38, of Oak Hill, Fla., died Tuesday morning at West Palm Beach hospital of a bullet wound said to have been inflicted by Arthur Hamilton, a police officer, while he was resisting arrest. Sarver was fatally wounded early Monday morning when Officer Campbell was attempting to steal goods from a parked car. He said they fled, and in their own car they were attempting to turn the car around. Sarver was shot in the chest and back. He was taken to the hospital and died Tuesday morning.

Officers have combed the Everglades unsuccessfully with bloodhounds and airplanes in search of the man who escaped after the shooting. Officer Campbell said he found the "men early Monday morning while attempting to steal goods from a parked car. He said they fled, and in their own car they were attempting to turn the car around. Sarver was shot in the chest and back. He was taken to the hospital and died Tuesday morning.

Later in the morning Officer Campbell said he found the "men early Monday morning while attempting to steal goods from a parked car. He said they fled, and in their own car they were attempting to turn the car around. Sarver was shot in the chest and back. He was taken to the hospital and died Tuesday morning.

SOUTH BAY MAN ASKS NEW TRIAL

Motion was filed in Criminal court Monday for a new trial for Richard Eric Sheats of South Bay, says a dispatch from West Palm Beach. Sheats was convicted recently of assault on his wife, Mrs. Ola Sheats, with intent to commit second degree murder. A quarrel which, officers said, had to do with the custody of a child resulted in Sheats being charged with the shooting of his wife. The contention of the defense attorney is that the court erred in permitting Sheats to prove he was acting in good faith in his efforts to regain the child from his wife when the row occurred.

SCARBOROGETS GOOD RECEPTION

George Scarborough, proprietor of the recently opened "Scarboro 100 Store in Belle Glade, is pleased to have received his new business from the hands of the Pahokee Blue Devils in the last two minutes of play Wednesday night in a pre-Thankingsgiving classic at Fair field. Scarborough, who was complete shut-out defeat at the hands of the Pahokee Blue Devils in the last two minutes of play Wednesday night in a pre-Thankingsgiving classic at Fair field.

The Blue Devils got under way with their scoring early in the game when a Trojan fumble was recovered for a safety. That ended the scoring until the second quarter when the Blue Devils, who were leading 10-0, were thrashed by the Trojan back-up of a punt putting the ball on the Trojan 10 where the Trojan boys held for down and then fumbled. Quarterback Sapp scooped the ball and trotted 35 yards to the end zone.

Ag. Committee Visits Glades Saturday A. M.

Co-operative Market, Dike, Highway, Local Problems, Purpose of Visit

The agricultural committee of the Florida State Chamber of Commerce will visit the Everglades and the Glades section of the state Saturday morning. The purpose of the visit is to discuss co-operative markets and consideration of the proposed state highway atop the Lake Okechobee dike. It was announced this week by H. I. Massbarger of Miami, chairman of the committee.

The committee will visit Belle Glade where they will see the Belle Glade experiment station. They will be picked up by a hearted support by other officers inducted into office.

The banquet was a turkey dinner with all the trimmings the meeting was in charge of the retiring president, who introduced Mr. Mitchell, Mr. Barber and other distinguished guests. W. G. (Continued on Page 4)

Pahokee Beats Trojans, 22-7 In Grid Classic

Trojans Save Themselves Whitewashing in Final Minutes of Play

The invading Lake Worth Trojans saved themselves of a complete shut-out defeat at the hands of the Pahokee Blue Devils in the last two minutes of play Wednesday night in a pre-Thankingsgiving classic at Fair field. Scarborough, who was complete shut-out defeat at the hands of the Pahokee Blue Devils in the last two minutes of play Wednesday night in a pre-Thankingsgiving classic at Fair field.

CREW IS BUSY ON HIGH LINE

Florida Power and Light company workmen are busy this week setting poles for the new high line from Okeechobee to Pahokee which will connect the Glades area with the inter-state distribution system of the company. Present plans call for completion of the line by the middle of January. Several different crews are at work on the job. Some are erecting poles and others are doing the framing work. Another crew is busy at Okeechobee working toward Pahokee. A new substation will be built at the Pahokee plant.

JOHN I. LEONARD IN LAKE REGION

John I. Leonard, superintendent of Palm Beach county schools, was a prominent visitor in the Lake region this week, spending Monday, Tuesday and Wednesday visiting various schools in the region. Leonard, who is currently taking up his new duties and is recently looking up the schools in an effort to ascertain their needs for a successful school term.

Sugar Festival Opens Season December 3rd

Cleveland to Be Scene of Gala Affair As Dignitaries Visit

Elaborate plans are being made by the City of Cleveland for the Sugarane Festival to be held in the city next Thursday in celebration of five years since the sugar operations in the Everglades. On that day the United States Sugar corporation will open its sixth cane grinding season. Beginning at eleven o'clock ceremonies will be held at the Cleveland sugar house culminating in starting the machinery for the 1933-34 season. Anticipation of the largest season of the industry is reported from authorities in the city.

On Wednesday preceding the day of the ceremonies, an inspection trip will be made of this section. A motorcade, included in which will be dignitaries from the north, will tour the sugar plantations. Leaving from Port Mayaca on the east and ending at Moore Haven, the motorcade will include visits to the sugar plantations and the sugar plantations along the southern border of the lake as well as the flood protection levees and the levee control gates at Moore Haven.

SOUTH BAY NEWS

Mrs. Irene Frame recently received word from her aged mother in Coffeyville, Kans., to the effect that advertisements in Wichita newspapers indicate she is one of the direct heirs to a \$16,000,000 estate in England. Most of the heirs of this estate are said to be living in America and will be required to present documentary proof of their eligibility. Mrs. Frame's mother has such documents and is able to name the descendants in order which link her to the owner of the estate.

Robert Spivy has returned from a visit among relatives and friends in Georgia.

Mrs. G. L. Royal of Lake Harbor took her junior girls Sunday school class to see "The Poor Little Girl" at Belle Glade Monday.

The Rev. F. C. Bloch was unable, due to the death of his father, to conduct services at the Baptist church on Sunday evening. The Rev. Mr. Jones of Canal Point served in his absence.

Mrs. H. C. Willis and daughter, Elsie Mae, made a shopping trip to West Palm Beach Saturday.

Bill Etheridge of West Palm Beach was crowded off the highway by his delivery truck by a passing motorist on the Fort Myers highway beyond Lake Harbor recently with considerable damage to both truck and contents.

H. Boree of Belle Glade was here looking after business interests Monday.

Mr. and Mrs. Sam Fleming of Chopen were week end house guests of Mr. and Mrs. C. F. Denton and family.

Mr. and Mrs. W. H. Rawle were dinner guests of Mr. and Mrs. C. Hardy Monday evening.

Mrs. C. W. Grogan has returned from a two weeks' visit with her son, Paul Jones, and family in West Palm Beach.

In addition, other construction of similar nature is under way at state projects totalling \$1,074,345. Both groups are being financed by a state legislative appropriation and combined FWA loans and grants.

Principal item in the list of buildings to be turned over to public use in December is that of the improvements at the state hospital at Chattahoochee. Construction cost of these projects is \$270,520. They include a white women's ward building, a general hospital, an addition to the hospital, a white and colored tuberculosis ward building, and a white and colored tuberculosis ward building.

Dedication date for these improvements is December 14. The Thanksgiving ceremonies will open December 11, when Governor Sholtz, members of his cabinet, other state dignitaries and high dignitaries—President Roosevelt, who they visited friends.

Miss Anna Davidson of LaBelle was a week end visitor here.

Frank and Jack Albrighton, employees at the Ayl Packing house, spent the week end in LaBelle.

Joe Chamberlain made a trip to the East Coast, visiting Lake Worth, Fort Lauderdale and in the morning towns the first of the week.

Miss Ruth Lucy spent the week end in Boynton with her parents, Mr. and Mrs. H. W. Lucy.

Mr. and Mrs. T. C. Yonn are moving to the Ben Row farm near Liberty Point this week.

Harold Hawkins, who is working at Ocala, spent the week end with his parents, Mr. and Mrs. R. D. Hawkins.

Clyde Barnett spent the week end with his parents in West Palm Beach.

W. L. Sherwood and daughter, Miss Nell Sherwood, of Atlanta, accompanied by another daughter, Miss Milton St. John, her husband and his daughter, Shirley Dean, of West Palm Beach were guests of Mrs. Nora Hammond and daughter, Miss Bernice Hammond, recently. Mr. Sherwood and Mrs. Hammond are brother and sister.

Orin Miller of Miami visited his sister and other relatives here Sunday.

Mr. and Mrs. E. R. Forbes and sons, Jack and Everett, of Ritts Island, spent Saturday night at their home here.

STATE PROJECTS TOTAL \$1,737,595 FOR DECEMBER

TALLAHASSEE, Nov. 25.—Total construction value of new buildings and improvements to existing structures to be dedicated to or corporations ceremonies under the state's institutional improvement program during December is \$1,737,595. Col. M. R. Watson, superintendent of the construction program, said.

In addition, other construction of similar nature is under way at state projects totalling \$1,074,345. Both groups are being financed by a state legislative appropriation and combined FWA loans and grants.

monies for a new ward building and a new infirmary at the Florida Farm Colony, costing \$107,550 will be held at Gainesville.

Dining halls for both white and colored boys at the Florida Institute School for Boys at Marianna, costing \$76,418, will be dedicated December 14.

The \$250,000 addition to the state capital building and the \$182,100 state chemistry building at Tallahassee will be the scene of numerous ceremonies on December 20.

Chevrolet Gives Thanks To People For Great Year

The Chevrolet Motor company today offered its thanks to the American people for having given the company the greatest year in its history by buying 1,139,000 new 1936 Chevrolets.

In display advertisements printed in newspapers throughout the country, Chevrolet expressed its appreciation for the warm friendship of the American people, which enabled the company to break all previous marks for domestic production and sales.

The Thanksgiving offering is considered unique in industrial advertising, but Chevrolet has done it in the past. The company has sponsored largely in the newspapers of the country in establishing its all-time records in sales.

It is only an unprecedented number of new passenger cars and trucks during 1936, but also in moving two million used cars at the same time.

The advertisement, appearing today, declared, in part: "The Chevrolet people are thankful for many reasons. One of them is the warm friendship of the American people."

"All we can say is, 'Thanks a million' for more than a million cars in 1936; and all we can do is to keep on making the finer Chevrolet cars and trucks for the year of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer."

COUNTIES WILL BE REWARDED FOR BIG VOTE

JACKSONVILLE, Nov. 25.—(PNS)—Pinellas and Collier counties will be presented loving cups at the inaugural ball that will mark the inauguration of Fred P. Cone of Lake City as governor of Florida, at Tallahassee, January 5th.

The cups were offered by Governor Cone to the county over 3,000 population and the county under 3,000 population polling the largest vote in the general election as compared to the vote cast in the first primary.

The winners were announced here by Clayton C. Worthington, who directed the state Democratic campaign.

The Pinellas county vote on June 2 was 12,531 for governor, while its average for Roosevelt, Andrews and Cone on November 3 was 12,536. Its percentage was 102.25.

The Collier county vote on June 2 for governor was 888 and its average vote on November 3 for Roosevelt-Andrews and Cone was 904, a percentage of 91.68.

The first primary vote for governor figures were taken into consideration from the printed "tabulation of official vote" of the 1936 first primary as compiled from state canvassing board records by Secretary of State R. A. Gray. The results of the Roosevelt-Cone-Andrews vote of November 3 were taken directly from printers' proof of official tabulation, as corrected for error by the state Democratic committee by Secretary Gray.

There are 33 counties in Florida of less than 3,000 population and 31 counties with a population in excess of 3,000.

SANTA CLAUS' BUSINESS UP

SANTA CLAUS, Ind. Nov. 25.—Business boomed in Santa Claus today. It was the beginning of the annual rush at the Christmas post office of America.

"Our little post office will be a big business institution from now until Christmas," said Postmaster Oscar L. Phillips, who has moved his office to his general store to one side to make way for the mails.

"Our cancellations probably will reach 45,000 pieces daily by December 23."

Trucksloads of mail are arriving daily from all directions to the "Santa Claus" postmark stamped on letters and packages. Ever since people found out about this southern Indiana postoffice, they have been sending their Christmas mail here for mailing.

Large firms send much of the business and thousands of letters, "Santa Claus" came from children.

The Post Office department has authorized extra help to handle the annual avalanche of mail cleared through the little general store post office, which during the first of the year served about 57 inhabitants of the village.

MISSIONARY GROUP TO CONDUCT BAZAAR

urday, December 5, at 5:00 p.m. The public is invited to attend this annual affair and in this way make its contribution to the church. Proceeds will go toward church and parsonage funds.

Potato chips keep better in bags that prevent strong light from reaching them than in clear or opaque waxed paper bags. A tight tin container is equally good. Potato chips kept in a cold place will stay fresh for a long time.

A Spanish theme has been selected for the bazaar this year and a number of entertaining features. A silver tree served in a Spanish setting will be sponsored. Thursday from 8:30 to 5:00 p.m. All ladies interested are extended a special invitation to attend this unique social hour and in this way contribute to a worthy cause.

Many lovely handmade and woven articles, suitable for Christmas gifts, will be on display and a variety of indoor and outdoor plants may be purchased at reasonable prices.

A food booth will feature home-cooked pies, cakes and candies and an added entertainment feature is the fortune telling booth, which will feature mind reading.

In connection with the bazaar an oyster supper is being served at the high school cafeteria Saturday night.

People Do Not Drive Around Looking for These Signs

Sprayed Beans are Better Pay Beans

Hundreds of growers who used to dust their beans have profited from this important fact: Spraying beans with Sulfocide gives so many more successful pickings that it actually doubles average crop production over beans dusted with Sulfur. One sprayed acre will yield as much as two dusted acres.

If you continue to dust your beans you are going to lose the experience of weeding, planting, cultivating and fertilizing two acres when you could get the same results from one acre sprayed with Sulfocide! Can you afford to keep on losing? The bigger yields that Sulfocide should be giving you! Commence spraying with Sulfocide 1 to 200, just as your beans come through the ground. Keep new growth covered and spray especially just after picking. Start spraying your tomatoes, peppers and egg plants in the seed bed.

The best dealers in Florida sell Sulfocide. It will pay you to insist on having it. Ask for "Sulfocide" beans. Let "Sulfocide" beans lead.

Chain Store—

(Continued from Page 1)
Some dairy and agricultural products are exempt by provisions of the act itself.
The court previously held constitutional the occupational licenses levied by the law, and also upheld the 12 per cent gross receipts tax. It overruled higher graduated gross receipts taxes on chain stores.
Final judgments have not been entered in the court's decisions. Circuit Judge J. B. Johnson of Tallahassee will have a hearing tomorrow on charges which Comptroller J. M. Lee instituted against five stores for violating various features of the law. Motions to quash the charges are pending.
Due to the allocation last year of \$20,000,000 of emergency relief funds for elimination of grade crossing hazards, 2007 existing grade crossings will be eliminated, 320 old grade-separating bridges will be rebuilt, and 1037 crossings will be protected by safety devices.

Joe Kahn spent Sunday at Sebring with his brother, Mike Kahn.

Mr. and Mrs. Wallace Miller and Mr. and Mrs. Seward of Palm Beach and Mr. Henry O'Neill of New York were guests of Mr. and Mrs. Richard Johnson, Jr., and family Sunday.

Big Harvest Expected By U. S. S. Corp.

Fifty Thousand Tons Sugar and 3,500,000 Gallons Molasses Expected

A record production of sugar and molasses is reported ready for harvesting by the United States Sugar Corporation following the opening of the grinding season next Thursday.

Favorable weather conditions are said to be the reason for the mammoth anticipated output on the company's 15,000 acres. An estimated harvest of fifty thousand tons of sugar and 3,500,000 gallons of molasses is reported.

The acreage is said to be more equally divided between the eastern section of the company's holdings and the western section. Headquarters for this, the eastern section is at Amstar and Clewiston, the site of the sugar mill, is headquarters for the western section.

According to a recent estimate the sugar industry provides employment for approximately 3,500 people and indirectly it is said to provide a livelihood for 10,000 people.

To stop a gasoline leak occurring around the threads of the gasoline tank drain plug, remove the plug and coat the threads with laundry soap.

Oak furniture can be renovated with hot linseed oil applied with a flannel cloth.

New Officials—

(Continued from Page 1)

Smith, member of the State Road department and a resident of Pahokee was introduced to the gathering. J. L. Kerr, a director of the State Chamber of Commerce, was also presented. Jack Hoxie, well known Western film star, was a guest of the new president, Dr. Hughes, and received a big hand when he was introduced by Mr. Barlin.

The visiting state president delivered another of his brilliant speeches and the entire membership enjoyed it thoroughly. Mr. Mitchell stressed the good work that can be done by a Junior Chamber of Commerce and asked the Pahokee body to continue its efforts in making Florida a better state in which to live. Tuesday

night's appearance of Mr. Mitchell in Pahokee marked the third visit he has made in the past year. He was present and presented the charter on the night the club was organized and attended a district meeting several months later. He always speaks kindly of Pahokee and has been instrumental in Pahokee receiving much favorable publicity over the state.

Mr. Barber, state secretary, in a few brief remarks complimented the organization on the progress it has made in a short space of time. He brought greetings from other active clubs in the state and extended an invitation to all local members to visit the Vero Beach club any time they are on the East Coast. Vero Beach is the home city of the state president and the state secretary.

Following the addresses President Hughes presented some interesting and entertaining numbers. Miss Rena McGee, a WJNO feature and Florida's own Cowgirl entertained the group with several vocal numbers. She was enthusiastically received. Miss Mildred Lauger drew loud applause from the crowd when she presented her novelty dance number. Miss Betty Lou Davis presented an acrobatic dance that won the hearts and applause of all present.

When a closet door would collide with other doors or furniture in a room, how about a sliding door that pushes back along the wall, or a slatted door that pushes up over the top of the doorway like the lid of a roll-top desk?

Brooks W. Bateman spent the week end with relatives in McIntosh.

SINCLAIR H-C GIVES MORE MILES PER GALLON [1 to 3 more miles per gallon in passenger cars]

DURING the past few months Sinclair engineers have made more than 500 competitive road tests on Sinclair H-C Gasoline...in nearly every section of the country where Sinclair H-C is sold. In each test, Sinclair H-C was tried out under identical conditions against other well-known regular gasolines.

In all those 500 and more tests, Sinclair H-C never failed to show a definite superiority in miles per gallon over the other gasolines tested. In passenger car tests Sinclair H-C beat the other gasolines by from 1 to 3 miles per gallon.

Start a test of Sinclair H-C Gasoline in your own car... today. See your nearby Sinclair dealer.
